# HOOVER PROMISES SHAKEUP IN U. S. DRY FORCE

## CHANGES TO BE MADE AT ONCE

WASHINGTON, Dec. 26.—(U.P.)—President Hoover is planning a shake-up in prohibition enforcement personnel and other measures of a broad character to improve enforcement as a result of renewed agitation by Congressional dries, led by Senator Borah of Idaho.

The measures to be taken, other than personnel changes, will be along lines recommended by the president's law enforcement commission in reports to be issued soon after the new year. The treasury also will submit recommendations to Congress, the first of which was announced today as unifications of border patrol agencies and limitation of ports of entry on both the Mexican and Canadian borders to "bottle up the borders."

The recent agitation came to a climax today when the president had Borah, his staunch prohibitionist, campaigner of a year ago, but now chief critic of the administration's policy, at the White House for lunch. They talked about the prohibition situation, and specifically, it is understood, about the Idaho Senator's sweeping condemnation of enforcement personnel.

The invitation was issued Tuesday before Borah made his attack on the administration, George A. Mason, the president's secretary, said.

Assistant Secretary of the Treasury Mills said the treasury would make its border enforcement recommendations to the joint Congressional committee which is to study reorganization of enforcement machinery as soon as that committee is organized.

"Instead of permitting persons (Continued on Page 6)

## U. S. GRANTS EXTENSION ON STARTING OF BAY BRIDGE

WASHINGTON, Dec. 26.—(U.P.)—Secretary of War Hurley today approved the application of T. A. Tomasini of San Francisco for an extension until June 30, 1930, of the time limit for commencing construction of a bridge across Richardson Bay between Sausalito and Belvedere.

Tomasini declared last night that he planned to start construction of the bridge within 30 days.

Permission to erect a trestle bridge between Sausalito and Belvedere was granted by the War department last year. The bridge was designed as a link in the triangular chain of bridges connecting Tiburon, Berkeley and San Francisco.

Tomasini declared that he is ready to go ahead almost at once on the Richardson bay bridge project. Plans for the other two bridges are now before the War department awaiting approval.

The projects now before the War department are for a high level bridge seven miles long connecting Berkeley and Tiburon and a trestle bridge across the bay, north of Goat Island and connecting with the Berkeley-Tiburon bridge at Berkeley, Tomasini said.

Tomasini's proposal to connect San Francisco with the proposed Berkeley-Tiburon bridge was turned down by the San Francisco supervisors last September. The Sausalito-Belvedere bridge is to have a roadway 22 feet wide for auto traffic. Plans call for a western terminus 10 feet south of Napa street, Sausalito and an eastern terminus at the upper end of Belvedere Island.

At present a passenger ferry operates between Sausalito and Tiburon. The distance by road is 11 miles. Tomasini said his bridge would cut the distance to one and one-half miles.

## Meter Stations On Gas Line

MARTINEZ, Dec. 26.—Preparation to giving service to the Coast Counties Gas and Electric company, the Standard Oil company is engaged in installing metering stations along the Kettleman fields to Richmond natural gas line, it became known today.

Stations are being installed at Martinez, Vina Hill, Bay Point, Crockett, Antioch and Pittsburg. However there has been no indication as to when natural gas, now in the main line, will be made available to central Contra Costa county communities.

It has been reported that the Standard Oil and the Pacific Gas and Electric company have reached a territorial agreement. As a result this county would be served to service by the Standard Oil and its subsidiary, the Coast Counties Gas and Electric.

## DeMolay Plans Smoker Jan. 18

Final plans for a smoker to be held Jan. 15, were made last night by Richmond Chapter of DeMolay at its meeting in the Point Richmond Masonic hall.

The smoker will be open to members and their friends, only. Tickets were placed on sale last night.

A midnight party is planned by the group to be held in March. Committees will be named later. Ted Murray presided last night.

**AUTOS DAMAGED**  
Cars driven by S. W. Cordy of 169 Sonoma avenue, Albany, and J. McNamara, of Oakland, were badly damaged when they collided at San Pablo and Garvin avenues recently. None of the occupants of the cars were injured, according to reports.

**W. V. KELTZ BETTER**  
W. V. Keltz, although unable to spend Christmas day with his family in Richmond, is reported as feeling much better in the Leterman hospital in San Francisco. He will probably remain in the hospital about a month yet.

## Poor Box Thief

CONFESSION of Charles Simonds, 21, of Framingham, N. Y., to systematic robbing of thousands of poor boxes in churches throughout New England implicated Mrs. Elida Merriam, also of Framingham, according to police.

## BRANDER OF WIFE JAILED

San Leandro, Dec. 26.—(U.P.)—Although the crime was committed today, John Silva, 26, had a jail sentence tonight for branding his bride with an electric flat-iron.

Still suffering from second and third degree burns on her face and the upper part of her body, Mrs. Ellen Silva, 24, swore out the complaint charging her husband with battery.

She said he attacked her with an iron as a climax to a quarrel between them that started Christmas day. After stamping the point of the iron on her face, Mrs. Silva said, her husband tore her dress and made other scars. Mr. Silva's screams attracted neighbors, who subdued the husband.

Silva was taken to police court, tried, convicted and sentenced to 30 days in the county jail, the entire procedure taking only a few hours.

## FOOTBALL STAR NEAR DEATH

EUREKA, Dec. 26.—The condition of John Casanova, Santa Clara University football star who was injured in an automobile accident yesterday, was reported as critical tonight, following an emergency operation.

Casanova suffered a ruptured liver and internal hemorrhages. Little hope is held for his recovery.

Riding with his brother, Leonard, and Earl Dillon, Casanova was hurt when their car was struck by an automobile driven by J. Vieira.

Casanova had been spending the Christmas holidays at his home in Springdale. Only recently he recovered from injuries suffered in a car crash at Los Angeles.

**2 Killed, 4 Hurt In Auto Accident**  
LOS ANGELES, Dec. 26.—(U.P.)—Mrs. B. A. Ormberg, 45, and Mrs. Eva Luce, 60, both of San Pedro, were killed and four other persons were injured when the automobile in which they were riding was struck by another car here early today. Edwin T. Martin, a former steward, was said to have been driving the other car at a high speed. An inquest will be held Friday.

## SCIENTISTS FACE DEATH IN BORNEO

MANILA, P. I., Dec. 26.—(U.P.)—Two American scientists, Theodore Feilman and H. Wells, were believed in danger today from natives in Central Borneo.

The men, both Chicagoans and members of the American Mayaguez expedition, were held by a Dutch provincial commander, who had befriended them in previous emergencies, had been assassinated by the natives.

"Trouble might break at any time," Seelman radioed.

Two of the natives were killed according to Seelman, who did not state the exact cause of the trouble.

Capt. Dequant was believed to have had 125 native soldiers at his command and it was understood that reinforcements were on the way to the scientists' camp.

## County Firms To Get Tax Refunds

Three Contra Costa county firms are among the many receiving tax refunds from the United States government, according to dispatches received here last night from Washington.

Those firms in this county who received refunds were: California and Hawaiian Sugar company of Crockett, \$25,109; California Wine association of Richmond, \$23,116 and the Stauffer Chemical company of Richmond, \$12,668.

## Four Injured In Train Wreck

SWEETWATER, Tex., Dec. 26.—(U.P.)—A car of crude oil was tripped from a railway siding here today and slid down three coaches of a passenger train which was passing on a main line, seriously injuring four passengers in a chair car. The oil car was knocked from the track by a box car which was striding moving by high wind.

**CARS COLLIDE**  
Cars owned by G. W. Shanahan, 518 Twelfth street, Oakland, and Gordon Barber, 617 Third street, were slightly damaged in an automobile collision at Ninth street and Pennsylvania avenue last night, police reported.

**MRS. PAASCH BETTER**  
Mrs. Richard Paasch of Richmond's west side, returned home today before Christmas from the Merritt hospital and spent Christmas with her family. She is now able to be about and is improving steadily. Mrs. Paasch

## BURNS FATAL TO REDMAN CHILD

Gladys Wave Redman, 13-year-old daughter of Mrs. and Mrs. J. O. Redman of 116 Nicholl avenue, died at the Oakland Baby hospital yesterday afternoon, after suffering from burns for nearly a year.

Wave as she was known to her classmates and friends, was severely scalded by hot water, nearly a year ago, while taking a shower in the Roosevelt Junior high school. Alice Shaw, another student was also slightly burned but recovered in a few weeks.

The young girl was taken to the Cottage hospital, where she underwent several blood transfusions, given her by her father. On Oct. 29 she celebrated her 13 birthday in the hospital, and in November was moved to the Oakland Baby hospital, where she was said to be improving.

On Friday last, Wave lapsed into a coma from which she failed to rally, passing away yesterday afternoon.

The young girl is survived in addition to her parents, by a grandfather, Charles Reynolds of Richmond.

Funeral services will be held in the Wilson and Kratzer parlors at 2 o'clock tomorrow afternoon with interment in Sunset View cemetery.

## 23RD STREET LIGHTS ARRIVE

Twenty-third street from the northern city limits to Macdonald avenue will soon blossom forth in gala attire to form Richmond's great White Way.

Yesterday morning, standards for the new electric system arrived and were placed at each installation point, ready to be put in place.

For some time crews have been working, fixing the lamp bases and connecting them with the power line. All that is needed now is the installation of the metal standards.

There are two lights on each standard and each light throws a brilliant glow that will make the avenue as light as day.

These lights will be turned on after sunset. At midnight, one light on each standard will be turned off.

It is expected that the work of installing the standards will be started this morning.

## Plans For Term At Hi-Y, Dinner

The past and new officers of the Boys' Hi-Y will make plans for the coming term Thursday night at a dinner to be held at the Hotel Carquinez. George Deenan, president of the club, George Ely, faculty adviser, and Reynold Carlson, director of the Richmond Y. M. C. A. will direct the discussion.

## Suspect Faces Battery Charge

Charged with battery, Armando Lazaretti, of north Richmond, will appear before Justice of the Peace Arthur Astrom this morning for preliminary hearing. Lazaretti was arrested on the complaint of Victor Ferraella, of north Richmond, who alleged that Lazaretti struck him on the head with an iron bar on Christmas day during a dispute.

Defendant is free on bail pending the trial.

## MARRIAGE LICENSE

Edmund L. Franke, 25, of 324 Center street, El Cerrito and Yvonne Lucas, 22, of 222 South Fourth street, Richmond, yesterday applied for a marriage license in Martinez.

## Chevrolet Agency Moves To New Home

Connell and Shumate, formerly known as the Golden Rule Chevrolet Agency, yesterday moved from the location at 1501 Macdonald avenue to its newly built agency at Twenty-third and Barrett avenue.

With the opening of the new building, Richmond has gained one of the newest and most modern automobile agencies which will attract the eyes of the traveling public coming through Richmond.

The building is of fire-proof construction and was built at a cost of some \$20,000. It has more than 10,000 square feet of floor space.

The showroom is quietly and tastefully decorated and there is enough floor space to exhibit more than six of the new six cylinder Chevrolet cars.

The showroom is brilliantly

lighted both at night and during the day.

The business offices are located in the front of the building and are of the most modern type.

Next to the business office is the parts department, where all parts for the Chevrolet car are stored away. The firm uses the well-known Chevrolet method of storing its parts with the prices of each one plainly marked.

In the rear of the building is the gigantic repair and garage room, which occupies a large portion of the building.

Here cars may be stored and repaired by a competent force of service men.

According to W. A. Connell and C. K. Shumate, a formal opening of the new building will be held on Jan. 4.

## Slight Damage As Local Ferries Crash

Damage of \$50 was caused yesterday morning when two Richmond-San Rafael ferries collided in a heavy fog off Ray's Rocks.

The ferry San Rafael had a portion of its guard rail torn off in the slight crash. The steamer Richmond was not damaged.

The day was covered by fog of the heaviest fogs seen here in 15 years, when the two boats scraped sides in midbay.

The boats, the San Rafael, under Capt. Raymond Ehrenholtz, of Richmond and the Richmond, explained by P. W. Larson, were plying in opposite directions on their eight o'clock run when the accident occurred.

It was reported that the fog was so dense that the captains of the two boats hugged the regular ferry channel too closely and as a result when the two boats passed each other, they scraped sides.

The San Rafael was taken off of one run until the damage was temporarily repaired. Later, the boat was taken to a San Francisco shipyard where it will be repaired and placed on its regular run this morning.

Mose Moch, manager of the company, declared yesterday that damage was slight and that no one was injured.

## Last Sailing Vessel To Leave Port Costa

MARTINEZ, Dec. 26.—The last sailing vessel to carry barley from Port Costa to Europe will leave the bay port in the near future. The Abraham Rydberg, formerly the Alaska packer Star of Greenland, is the ship which will deliver the cargo of grain to Europe.

The vessel has recently been sold to the famous Swedish sea training school, and will load for Edward L. Eyre & Company about the middle of January.

Port Costa, in the days of the ancient wine trade, was probably the most famous grain loading port in the world. The waters at times were crowded with vessels holding charters and waiting for the flow of grain from the Sacramento and San Joaquin valleys.

The sailing ship was put out of the running with the advent of the steamship, but held tenaciously to the bay port in the near future.

The only exception is probably the shipment of lumber which is carried occasionally in a wind-driven ship.

It is understood that the charter for this last grain shipment, is the lowest ever closed on a grain cargo out of California ports.

The craft will round Cape Horn on standard Sweden, and will probably be the last square rigger to round the famous Horn.

It is expected that the ship will take about 120 days to complete the trip.

## Hospital Charges Hit By Supervisors

MARTINEZ, Dec. 26.—Supervisors W. J. Buchanan and R. J. Trembath today scored charges made by Dr. Raymond Kay of San Francisco that the county hospital is "slovenly run and inefficient."

Both Buchanan and Trembath characterized the report as untrue and unjustifiable. Furthermore, they claimed that Dr. Kay had no authority to make an inspection.

Buchanan will ask District Attorney A. B. Tinning to write immediately to Dr. Kay to determine on what basis his charges were made and for what reason the survey was made.

Trembath recently made a survey of county hospitals throughout the state and reported that no hospital is as well kept, and as sanitary as the Martinez institution.

Dr. Kay's report centered on the sanitary condition in Pittsburg. He stressed the need of a hospital there and took it upon himself to visit and inspect the county hospital here, officials stated.

He declared that the county hospital appeared to him "very inefficient and slovenly run with an absolute disregard for modern methods and improvements in both equipment and technique."

## Colonel Lindbergh To Visit Bay Area

NEW YORK, Dec. 26.—(U.P.)—Col. Charles A. Lindbergh plans to start Friday morning with his wife on an airplane flight to the Pacific coast.

company, of which he is technical advisor.

Lindbergh expects to be gone about a fortnight. He will visit Los Angeles and San Francisco, and may fly all along the Pacific coast. His exact itinerary has not been announced.

At Oakland, Lindbergh may inspect, or take over, the Lockheed Transcontinental Air Transport airplane being built for him.

## PHYSICIANS DISAGREE ON CONDITION

LQS ANGELES, Dec. 26.—(U.P.)—Two physicians who gave different opinions testified today at the superior court hearing in which Alexander Pantages is attempting to be released from the county jail on bail pending decision on his appeal from a statutory assault conviction.

Four more doctors will testify Friday before Superior Judge C. W. Fricke hands down a decision. Pantages has been held since a jury found him guilty of attacking Eunice Pringle, 17-year old dancer, and he claims that a heart ailment may cause his death if he is kept in jail.

Dr. Benjamin Blank, county jail physician, testified today that Pantages had suffered three serious heart attacks while under his supervision. He said he believed the multi-millionaire's life may be endangered if he is not taken to a private institution to have his condition corrected.

Dr. Charles M. Decker declared that although Pantages was suffering from a leaky heart and was in poorer health than at the time he was convicted, continued confinement will not have serious results.

## ABATEMENT OF HOTEL SOUGHT

MARTINEZ, Dec. 26.—District Attorney A. B. Tinning today filed a suit asking the closing of the Dabinken hotel in Antioch, under the realty abatement act. The action asks that the establishment be closed for one year.

The hotel was the scene of the recent shooting of Clyde Nichols, 38, by Policeman Charles Golden. Golden, following the shooting of Nichols in the leg, tendered his resignation to the city council, and will leave the employ of the city on Jan. 1.

With the resignation of Golden plans to lay the matter before Contra Costa county grand jury were dropped.

Francis Dabinken, said to be the owner of the place, Carson Dabinken, said to be the agent of the owner, and Mrs. "Casey" Baker, in whose room the shooting took place, were named as defendants in the suit.

It was claimed by Nichols that Golden accompanied him to the woman's room but the officer emphatically denied the accusation.

Nichols stated the shooting occurred when he upbraided the officer for failing to take action when he complained of "losing" some money in the place. Golden asserted that Nichols threatened him.

## Peace Suspect Asks Jury Trial

J. E. Healy of Albany demanded trial by a jury on a charge of disturbing the peace, when he appeared before Police Judge J. F. Plank last night in El Cerrito for preliminary hearing.

Date for trial has not been set. Healy is free on \$200 bail.

He was arrested Monday night following an automobile accident. His car had been taken to Beck's garage after the crash. Later Healy appeared at the garage and, according to J. R. Beck, proprietor, started a fight. Healy was arrested on Beck's complaint.

## BUILDING PERMIT

Grant E. McGrew was today issued a permit to build a garage addition by the Richmond building inspector. The addition, to be constructed by the owner on the south side of Redwood avenue, between Forty-third and Forty-fifth streets, will cost \$50.

## BONUS CHANCE TO END JAN. 2

World War Veterans who have not already applied are warned that Jan. 2, 1930, is positively the last date for filing applications for the adjusted compensation or war-time bonus. Widows, children or dependent parents of World War veterans who have died without making application for the adjusted compensation or war-time bonus, who have not already applied, are also warned that Jan. 2, 1930, is positively the last date to apply.

For complete information, write, telephone or call personally at Room 600, New Bulletin building, 814 Mission street, San Francisco, telephone Garfield 3466.

Local service officers of the American Legion, Veterans of Foreign Wars and Disabled American Veterans of the World War, and secretaries of the American Red Cross chapters, have been supplied with blank applications and will be glad to give any information or assistance.

The zero hour is midnight, Jan. 2, 1930. The time limit will not be extended. Important. The San Francisco Regional office with sufficient personnel, will remain open until midnight, Jan. 2, 1930, for the purpose of giving information or assistance.

## Liquor Charge Brings \$200 Fine

J. K. Parr, of San Francisco, was fined \$200 by Police Judge J. F. Plank, of El Cerrito last night on a charge of possession of liquor.

Parr was arrested Christmas day in El Cerrito. Police say that he carried a gallon of wine in the back of his car.

## CARS CRASH

Cars driven by Clyde Kelly of Martinez and George S. Cornell of 430 Nineteenth street, Richmond, collided at Barrett avenue and Fourth street recently. No injuries were sustained.

### "HAVANA GIRL" LIKE TRIP OVER SEA

Perhaps you have never been able to take an ocean trip. It may be that you have been kept by circumstances from having your yearnings for a sea journey satisfied by looking at the depiction in a silent motion picture of a great liner on the high seas, showing the shadowy recreations and pantomime speech of the passengers.

Of course, that is better than what imagination for the person who has never shifted salt water, but something far more realistic and satisfying is presented in the all talking Fox Movietone production, "The Girl From Havana" booked for showing tomorrow at the Fox-California theater.

As the action of the gripping detective story shifts from Los Angeles, where a diamond robbery is perpetrated, to an ocean liner bound for Havana by way of the Panama Canal, much of the picture was filmed and recorded at sea, marking the first time that a movie camera has been made of the typical sounds and dialogue aboard ship on the ocean. The Fox company made the voyage to Cuba for the filming.

The throbbing of the steamer's engines, the tattoo of the ship's bells, calls of the sailors on duty, the chatter of passengers lounging in their deck chairs and the gaiety of dance under the southern stars—all are recorded with meticulous fidelity by Fox Movietone. In addition of course, to the dialogue of the absorbing drama.

The swish of the rolling waters against the prow of the great liner on which a greater part of the picture was made is a monotonous but more compelling sound of the action and only the busy order of the ocean breeze against the prow of the great liner of a sea journey.

"The Girl From Havana" was directed by Benjamin Stoloff, with Lola Lane and Paul Page in the featured roles.

### C. B. Richardson Funeral Held

Funeral services for Charles B. Richardson of the West Side were held at the Wilson and Kratzer parlors yesterday. The services followed by cremation at the Berkeley crematory. Richardson died at a local hospital Monday. The deceased was unmarried.

### E. L. Ellsworth Funeral Held

The last rites for Elmer L. Ellsworth, West Side resident, were held at Our Lady of Mercy church yesterday. The services were followed by interment in St. Joseph's cemetery, San Pablo. Funeral arrangements were made by the Curry parlors. Ellsworth passed away on Monday at his home on the west side. He had lived for 17 years in Richmond.

### Liver, Gall Bladder and Stomach Trouble Relieved

2946 Morgan Ave., Oakland, Cal. Nov. 19, 1929.

THE FONG WAN HERB CO.  
Dear Mr. Fong—  
I am writing this letter to express my gratitude for the splendid results and benefits I have received from the use of the Chinese Herbs prepared by you.

I had a complication of Liver, Gall Bladder and Stomach trouble which was very sharp, stabbing pain in the lower right side of my abdomen. The region of the Liver was exceedingly sore and tender; so much so that even loose clothing became irritating and uncomfortable. My Stomach was also very sore to the touch and felt as if there were a lump the size of an egg in it. After meals, food which was very sour and burned the throat, was returned to the mouth.

This condition steadily became worse over a period of a year. During this time I was treated by two doctors without any appreciable results. Both decided that an operation was necessary. By good fortune, I came into contact with a man whom you had treated successfully for an Ulcerated Stomach, and he strongly urged me to take your treatment. This I did.

My results were noticeable the very first week, and now, after six weeks, I am entirely free from the terrible stabbing pains and the soreness over my Liver. My digestion is good. The old feeling of lassitude has completely disappeared and I feel much brighter and more energetic than I have for years.

I am most happy to strongly recommend the herbs of the Fong Wan Herb Co. as prepared by you. Wishing you unbounded success, and again thanking you for what you have done for me, I am Very cordially yours,

WILLIAM MAW.

UPON RECEIPT OF POSTAGE WE WILL MAIL YOU A BOOK ON HERBS (one within the first one or two for more distant zones).

### NEW SIGN FOR CALIFORNIA THEATRE

Another light will be added to Richmond's display on Macdonald avenue.

Work started yesterday morning on the installation of a 20 foot, vertical sign which will be erected at the Fox-California theater.

The sign will be one of the neon cast type, having a narrow background and the letters "Fox" will be in white.

The sign will be one foot wide and 30 feet long and will be placed directly above the entrance to the theater.

A. V. Brady, manager of the local showhouse, declared yesterday that he has invited Mayor A. L. Paulsen to turn the switch that will light the new sign. It is expected that the light will be turned on Monday night.

### Letters Asked In Best Estate

MARTINEZ, Dec. 26.—Petition for letters of administration in the estate of the late Asa W. Best of Richmond, was made today by his daughter, Mrs. Lillian P. Gilbert of Los Angeles.

The estate which consists principally of shares in the Home Laundry company of Richmond, is valued at more than \$10,000. Mrs. Gilbert, who is represented by Thomas M. Carlson, is listed as the only heir.

### E. L. Ellsworth Estate Petition

MARTINEZ, Dec. 26.—Petition for letters of administration in the estate of her late husband, Elmer L. Ellsworth, was made today by Mrs. Annie Ellsworth of Richmond. The heirs to the estate, which is valued at \$7,500 are the widow and a daughter, Miss Carrie Ellsworth. Will Robinson is attorney for the plaintiff.

### Child Injured In Crash Disappears

Richmond police were unable last night to locate a girl about six years old, who was believed to have been seriously injured when she fell out of a car driven by her mother. The accident occurred at Fourth street and Macdonald avenue early yesterday afternoon.

The accident was reported by R. H. Byrd, who picked up the child after she fell out of the car. In the excitement the mother took the child in her car and disappeared.

### Here's Girl From Havana

LOLA LANE as she appears in "The Girl From Havana" coming to the Fox-California theater tomorrow.

### STRIDES MADE IN TALKING PICTURE

Another great step forward has been taken in the perfection of the talking picture, or shall we say, the musical picture, with the Hollywood Revue. Metro-Goldwyn Mayer's masterly extravaganza which closes tonight at the Fox-California theater.

A radical departure from the ordinary films to which we have become accustomed, this is a genuine feat, embodying color, sound, and marvelous photography, with a great assemblage of stars and celebrities who really pass-in-revue.

It is a great show a la Ziegfeld, with many motion picture touches—trust the master minds of a studio for that—which brings nearly two hours of thrills and happiness to tuneless music and gorgeous array of settings illuminated by brilliant ensembles.

Marion Davies contributes one of her inimitable masquerades. She sings and she dances, accompanied by a six-foot male chorus. John Gilbert and Norma Shearer are there too. They appear together in a romantic skit, a modernized version of "Romeo and Juliet."

We saw Dottie Love, the darling of "The Broadway Melody"—Conrad Nagel making his singing debut as a talking picture actor; Buster Keaton dropping, skidding, rather, into his longest slide; William Haines in one of his comedy skits so familiar.

### Dinner Dance Of Rotary Tonight

Members of the Richmond Rotary club and their wives will attend a dinner dance at the Oakland Athenaeum club tonight. The party has been arranged in honor of the women.

An excellent program of speaking and music has been planned, and dancing will be enjoyed to the tunes of a six piece orchestra.

## Without Loss of Interest...

THE first ten days of January offer an unusual opportunity for transferring funds from Eastern cities with no loss of interest. The Bank of America allows interest from January 1st on all savings deposits made on or before January 10th. Those who are making California their home naturally wish to move their surplus funds to their new location. We make every effort to aid in this transfer of money. By bringing the pass book to any of our branches you can avoid all trouble and red tape. We take care of all the details. More than 500,000 depositors are proof of our ability to serve the thrifty.

BACK IN THE SIXTIES... THE PONY EXPRESS

was the equivalent of air-mail today. The transfer of funds to California was a difficult and time-consuming task. But today this same transfer is only a matter of a few days and may be arranged thru any of our branches.

### MORTEMOTH KILLS MOTHS

The gas from Mortemoth crystals not only protects your furniture for a long time, but contact with it kills all moths, their eggs and their dangerous larvae in furniture which is already infested.

The proper method of using Mortemoth crystals is to tie them in small sacks, and to place these sacks down in the chamber of the piece, as deeply as possible, behind the cushions, so that, upon expansion, the gas will spread and fill the spring units in the back and in the bottom of the piece.

When the sacks are empty, fill them again.

## UNITY LODGE ENTERTAINS AT YULETIDE PARTY

Unity Lodge, Daughters of St. George, annual Christmas party for children of members of the organization was held in Woodmen hall last night.

The program opened with a piano solo by Miss Grace Lowell, which was followed by a song by Sam Osborne; a recitation by Edith Nee; a piano solo by Mildred Lowell; a recitation by Mary and Margie Waddingham; a piano solo by Kenneth Olds; a song by "Sunny" Waddingham; a song by Mary Jean Lowell; a recitation by Helen Waddingham; and was concluded with a violin and piano duet by Nellie Martin and Evelyn Hebrard.

Santa Claus was present, staying over a day after Christmas for the purpose of distributing gifts to the children.

The party was under the direction of Mrs. Edith Cochrane, Mrs. Nellie Hays, Mrs. Susan Plimm and Mrs. Wagner.

Installation will be held at the next meeting of the organization, with Mrs. Martha Robinson, district deputy, as installing officer.

## Armstrongs In Yuba City For Yule Reunion

The Christmas holidays were spent by Mr. and Mrs. Daryl Armstrong (Matilda Meyer) in Yuba City, at the home of Armstrong's sister, Mrs. E. E. Liston. Many relatives of the local couple were present at the reunion.

## Billy Browns Visit Vallejo

Mr. and Mrs. Billy Brown and son William of Richmond, motor-ed to Vallejo Christmas, where they spent the day with Mrs. Brown's sister Mrs. L. K. Farren. Mr. and Mrs. Stuart Gibson of San Francisco were also guests.

## Sons Absent At Christmas

Herbert and Leo Wuesthoff, sons of Dr. and Mrs. L. W. Wuesthoff, are unable to spend the holidays at the home of their parents in Richmond this year due to the distance from Laramie, Wyoming, where the boys are attending the University of Wyoming. Torrey, a younger son, is at home during the holidays.

## Mrs. McNeill In Italy Over Yule

Mrs. Nora McNeill, city librarian, spent Christmas in the sunny land of Italy. Most of the month will be spent in Naples and other cities of southern Italy.

## Irwins, Bergstresses At Gilroy Dinner

Mr. and Mrs. Arthur M. Irwin and children Richard and Carolyn and Mr. and Mrs. C. L. Bergstresser of Richmond spent Christmas in Gilroy, attending a family reunion. They visited the home of Mr. and Mrs. E. E. Brownell, Mrs. Brownell being the sister of Mrs. Bergstresser and Irwin.

## Vloeberghs Entertain At Christmas Dinner

Mr. and Mrs. J. B. Vloeberghs of Richmond's west side, entertained at a family gathering Christmas day.

## Moose Lodge Holds Session

A short business meeting of the Richmond Loyal Order of Moose, was held in the Moose hall last night, presided over by Ed Ridley, dictator.

## Harry Hammonds Entertain Friends

Mr. and Mrs. Harry Hammond of Eleventh street, entertained as their guests at Christmas dinner, Mrs. Elizabeth Campbell and Mr. and Mrs. D. H. Page.

## CARDS READY FOR ARMY ELEVEN

STANFORD UNIVERSITY, Dec. 26.—UP—With the exception of only one player, the Cardinals of West Point and Cardinals of Stanford will start their strongest teams in the football finale of the year here Saturday.

Both teams were past the stage of possible injuries tonight, having closed scrimmage work, and Walter Heinecke, Stanford center, who is suffering from a bad cold, was the only regular of either team on the hospital list.

The respect with which the contestants view each other was shown in the announcements that the most powerful combinations available will begin the tilt. For army this will be the same eleven that opposed Notre Dame and in the case of Stanford it will be the same squad that defeated California and tied for first place in the Pacific Coast conference.

Stop Cagle. Therefore the contest will most likely become a combat with the army's individual stars, Christian K. Cagle, and Johnny Murrell, trying to outgain the four-man reserves of the Stanford backfield. The Cardinals have no one who has gained the popularity of Cagle this season but they will have the famous system of their coach, Glenn "Pop" Warner, of union in attack.

The task of trying to stop Cagle in All-American has been assigned to Herbie Fleishacker, son of a financier, and the Cardinals' best defensive back.

Line Strong. Fleishacker will also run interference for Chuck Smelling, Harlow Rohbert and Lud Frentrup. His backfield mates.

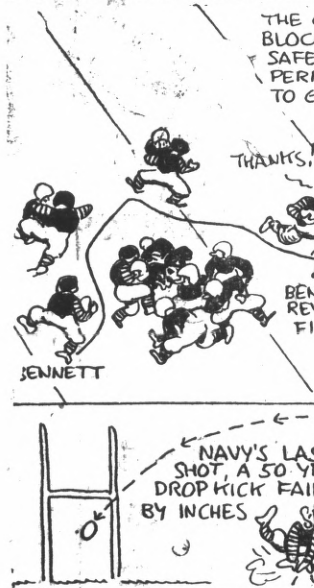

On the line Stanford is not quite as strong as was the forward wall that helped the Cards to beat Army, 26 to 0, in New York last year, particularly with Perry Taylor substituting for Heinecke, but still is believed to be slightly stronger than that of the invaders.

Army Shops. Army's team went shopping in San Francisco today. Returning here shortly before dark they went through signal drill. A similar drill will be held Friday with newspapers on admittance. Coach "Bill" Jones of the Army was well pleased with the prospects for his team and Warner seemed optimistic that his eleven could win by a small margin. Tickets were selling fast today with a likelihood that 90,000 seats in Stanford stadium will be filled Saturday.

## \$450 Lost By Penny Matcher

BILLINGS, Mo.—While matching pennies with two strangers E. D. Burns exhibited a \$450 win. The innocent pastime broke up when the strangers grabbed the "roll" and proved they could run faster than Burns.

## FREAK FOOTBALL

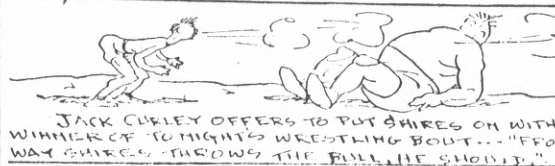

The dramatic finish of the Princeton-Navy game was made possible by a frenzied freak that was hard to tie, indicated by the final score 13-13, the double Jonah number.

The unlucky part was on the side of the Navy, a notably unlucky contestant, the luck with Princeton a notably lucky contestant. A freak fumble by Kohlhas of Navy, when going over for a touchdown kept Navy from leading 20 to 0. When the Tigers were making their dying gasp in the last quarter, Spring, the Middles' star, nauted an intercepted pass which gave the Orange and Black another breath of life. Then came the frenzied freak that topped the day's od-

## Giant President Faces \$500,000 Fraud Charges

NEW YORK, Dec. 26.—(U.P.)—Charles A. Stoneham, president of the New York Giants, was charged with diverting \$500,000 of the company's money for his own use in Supreme court today.

Judge James A. Delehanty made the accusation in arguing against a motion for Stoneham to have Magistrate Francis X. McQuade, former treasurer of the Giants, included among the defendants in a suit brought against Stoneham and other majority stockholders by William F. Kenyon and other minority stockholders.

## First Fox Bagged By 7 Year Old Boy

SOUTHBRIDGE, Mass.—Seven-year old William Curboy has bagged his first fox. The young sportsman brought in a fine specimen that weighed 20 pounds and was more than 56 inches long.

## Baseball Held Strenuous Game

MADISON, Wis.—Baseball is too strenuous for nerves of young school children and new games should be introduced in rural districts. Prof. E. B. Hart, University of Wisconsin, told a rural federation of mothers' clubs, parent-teacher associations and community clubs here.

## Sportsmen Break Fishing Records

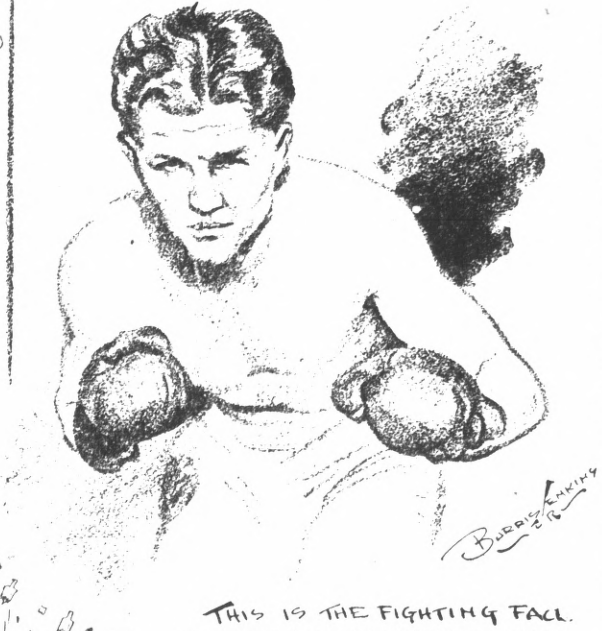

ST. PETERSBURG, Fla.—All previous records in mackerel fishing from the million dollar recreation pier have been broken, according to George Roberts, pier master, who says that a total of 4350 fishermen took more than 60,000 mackerel from the sea in six days. The average catch hour for each fisherman was found to be 15, several catching as many as 100.

## By Will B. Johnstone

the Middy got around the official and started on a stern chase albeit he made a futile dive at Bennett and forced him out of bonds on the 2 yard line where a score followed. Strangely, the officials made more or less of a travesty of this game. There may have been contests where more penalties have been inflicted, but the records fail to show them. In this game 185 yards were smacked on the two teams, Navy suffering the unheard of distance of 140 yards, 70 of which came in the third quarter. At that Navy would have won on the very last play if the rule makers had not set the goal posts back to ten yards. A beautiful 40-yard line drop kick failed by inches.

## SHEELY LEADS NATIONAL IN FIELDING

NEW YORK, Dec. 26.—(U.P.)—Earl Sheely, Pittsburgh Pirates first baseman, led the National league infielders in fielding honors during the 1929 season, the official figures, released today disclosed.

Sheely had an average of .996, secured by accepting 1380 chances in 139 games, and making only five errors.

Bill Terry of the New York Giants, had 994 for second honors, and George Kelly of the Cincinnati Reds was third with 993.

Hughie Critz of the Cincinnati Reds led the second basemen with a mark of .974. He had a total of 621 chances, made 16 errors and played in 106 games.

The next ranking second baseman who was a regular was Rogers Hornsby, who had an average of .978, but he played in only 33 games. Andy High of the St. Louis Cardinals was the leading regular with a mark of .9672, made by accepting 305 chances, erroring 10 times and playing 123 games. Travis L. Jackson of New York

## San Pablo Nine Plays Oakland Team Sunday

The San Pablo baseball club will engage the Oakland Billiards Sunday at the San Pablo 14, seeking revenge for a defeat by the P. S. E. A's last week-end. With the 3 to 2 defeat still in their minds, the San Pabloans are determined to present the Billiards with some hot opposition they will not soon forget.

Cash and Ball are expected to occupy the mound for the local club Sunday, and either Gaudoni or Rogers will be on the San Pablo receiving end.

The Oakland Billiards are hopeful because of their easy victory over the Hayashi "Forces" last Sunday. Whatever the score, an exhibition of fast baseball will be offered Sunday on the San Pablo diamond.

## Nordstrom Valves Will Play Thomas Motor Nine Sunday

The Merced Nordstrom Valves will invade Richmond territory Sunday when they play as just the league-leading Thomas Motors at the First Street diamond.

Thought not quite so confident of victory as they were last Sunday the Motors will enter the fray with a strong and peppy lineup. Last Sunday's 5 to 3 defeat at the hands of the Oakland Eagles threw a scare into the ranks of the Motors and they are now determined to send the Valves back to Oakland badly beaten.

A defeat by a narrow margin was suffered by the Valves at the hands of San Leandro last Sunday. Therefore, the Valves will be none to sure of themselves when they come in contact with the local talent Sunday.

Taylor is scheduled to start in the box for the Motors while "Suede" Jensen will be on the receiving end of the local battery. The contest will start at 2 o'clock.

## COACHES WILL DISCUSS GRID REPORT

NEW YORK, Dec. 26.—(U.P.)—Discussion of the Carnegie Foundation report of college athletics will be opened anew at the meeting of the American Football Coaches' association and the National Collegiate Athletic Association here Monday and Tuesday.

The meeting here next week will be the first nationwide gathering of coaches and athletic directors since the now famous "Carnegie Report" appeared on Oct. 10.

No. 23" appeared on Oct. 10 and the college officials in attendance to reply to the Carnegie investigation of the American college athletics.

Dr. Howard Savage, who made the Carnegie investigation, is expected among the speakers. The subjects will be, Wrong Methods of Practice, Attendance, while delivered at Town Hall.

Another speech listed for the N. C. A. A. meeting is entitled, "The Challenge of the Carnegie Report."

General Palmer E. Pierce, president of the N. C. A. A., is uncertain exactly what the reaction of the body will be but he said that the association would take some action.

The truth of the matter is that the big men of college athletics realize that the Carnegie report came at a time when it was most needed to open the eyes of all to the fact that the whole system of recruiting, proselytizing and subsidizing college athletics was taken on gigantic proportions.

Views of the coaches on the new rule and other football rules will be aired at the meeting of the Coaches' association. The annual debate about the try for point after touchdown also is expected to be brought up again.

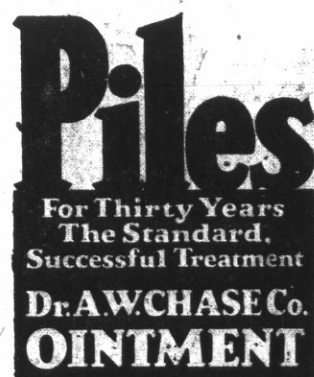

## Multiplying Your Telephone's Convenience

WE ARE NOW in the midst of a cable-placing program for the Pacific Coast which, by 1933, will link cities from Canadian line to Mexican. This new lead-sheathed, storm-proof cable will multiply our city-to-city facilities in some cases twenty times over, besides improving clearness and

sureness of out-of-town service to a marked degree. Practically trouble-proof, and taking the place of hundreds of open wires, this new cable will make neighbors of all. This cable-building program will cost about \$30,000,000. It will increase the convenience of every telephone we serve.

## NOTORIST WILL FACE BATTERY CHARGE

Believing that he could not explain how the accident occurred, Hunter, of Redco, was questioned by Richmond police yesterday morning before he was released.

Hunter was indirectly involved in an accident that resulted in the death of Thomas D. Floyd, injured, police declared.

Christmas eve, a car driven by Hunter crashed into a telephone pole at Garvin and San Pablo avenues, completely wrecking the car. Hunter disappeared after the accident, authorities say. Floyd was sent to the scene of the accident to investigate. While viewing the wreckage, a car driven by John J. Murtha, 622 Sherman Avenue, Alameda, crashed into the wrecked car and then hit Floyd, according to police reports. Floyd suffered several broken ribs and cuts and bruises on the body. He was treated at the Cutler hospital where he is now recovering.

Murtha was treated at Hospital Alameda for cuts and bruises. He was arrested on a charge of driving and was released on his own recognizance.

Hunter was sought for by police Christmas day. Yesterday morning the Rodeo man appeared at the police station.

He was questioned by Chief of Police Dan Cox and Deputy District Attorney Hiram Jacobs before he was released.

## Barnyard Court Held In Trial

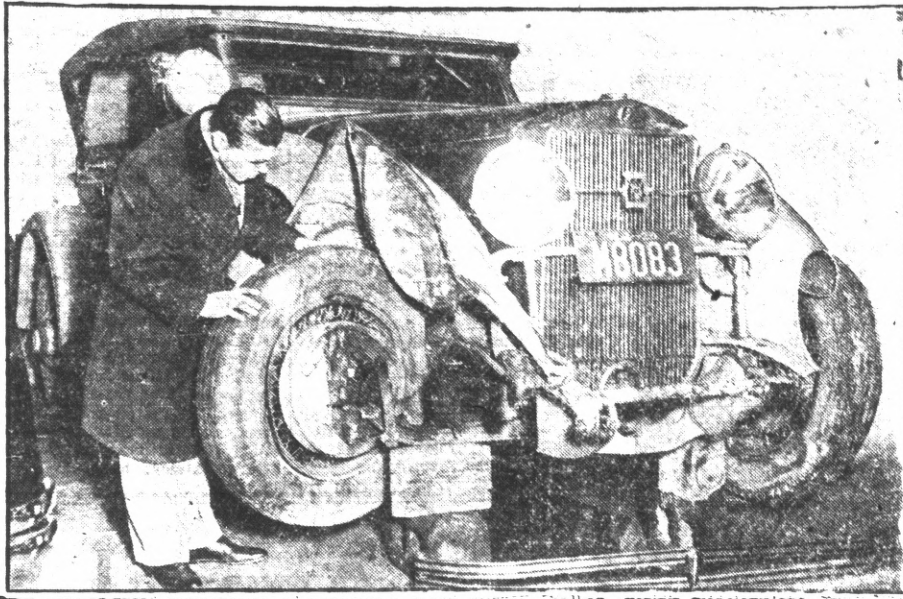

LAKAWANA, N. Y.—Two women appeared in court here to claim possession of a goose, and it was only by a unique decision that the claim was properly settled.

The goose was taken first to one home and allowed to walk in the yard. Here the goose seemed at a loss. Shortly after it was carried to the second home and left alone. It stayed in a coop in the yard and hunked away merrily. The court decided to award the fowl to the second woman.

## Boy Kills Lion With Bow, Arrow

JOHANNESBURG.—Drawing his trusty bow and arrow, a 12-year-old boy herding cattle shot and killed a lioness that sprang from the bushes upon an ox.

## Mickey Escapes In Crash

ONLY shatterproof construction of windshield saved Mickey Walker, world's middleweight champion, from serious injury or death when his auto, driven by brother Joe, skidded at Red Bank, N. J., and rammed grocery store window. Mickey suffered slight cut over eye.

## Slaves History Of Old South To Be Written

BOLIVAR, Mo.—A history of the south from the viewpoint of the slave is being written by O. W. Armstrong, a member of the Drury College faculty. Between 200 and 400 former slaves have been interviewed by the author in his quest for material. A quest which has taken him to every state in which slavery was practiced. Armstrong has talked to six former slaves who are more than 100 years old and to 40 who are over 90 years. The book will be called "Ole Massa's People."

## Sunday "Abolished" By Soviet Schools

LENINGRAD.—Sunday has been "abolished" here by the Pskovsky Pedagogical Technicum, the Ostrovsky school and other schools which have adopted Wednesday as the weekly day of rest instead. A movement to turn Sunday into an ordinary working day was started recently by schools in Tomsk, Siberia, and has spread to other parts of the Soviet Union. The Bolshevik revolution was

## Burglar Hides Under Divan For 14 Hours

BERLIN.—There is a young chap whiling away a few months in a Berlin jail, who probably has learned by now that he must be patient if he would succeed in his chosen profession. He broke into a house in the fashionable Tiergarten section some days ago, but before he completed his haul he was interrupted by the return home of the occupants. Seeing that his only means of retreat was cut off, he sought refuge under a divan. There he remained throughout the day. Hour followed hour until 11 of them had passed by. About that time the young burglar's patience gave out and he decided to make a dash for liberty. His dash ended in the arms of the housekeeper, who had little difficulty in holding him until the police arrived.

accomplished on a Wednesday, which therefore holds first place among the days of the week as a substitute for the former free day.

## Legion Names Delegate To County Meet

Carl Stender was elected as delegate to the county council of the American Legion to be held in January at last night's meeting of the local Legion post in Memorial hall.

A report was made by George Sanderson, chairman of the welfare committee, who gave to the needy of Richmond on Christmas. Reports were also made on the veteran's hospital and the committee is still working to bring the establishment to Contra Costa county.

Following the meeting, a banquet was prepared under the supervision of Dr. Lowell R. Sears, commander of the Richmond American Legion.

## Lawyer Refused To Be Discharged

LOS ANGELES.—(U.P.)—Can a man discharge his attorney? This is the weighty question which the state supreme court will be called upon to decide soon. The question was posed upon affirmatively by the appellate court here, but the disgruntled attorney has determined upon an appeal to the higher court in a last attempt to maintain himself counsel for the man who doesn't want him. Legal authorities say that as far as they know there is no precedent in the case.

## Standard Sanitary Official Visits

N. C. Gargill of Pittsburgh, Pa., an official of the Standard Sanitary Manufacturing company, is in Richmond for a week on business for the company. He is staying at the Hotel Carquinez.

## McKinley Masons To Meet Thursday

There was no meeting of the McKinley Masonic lodge last night, but a stated meeting will be held next Thursday night, according to an announcement by A. Curtis, worshipful master.

## School nurse says all girls should know this

TALKING to a roomful of high school girls on personal hygiene, an experienced district nurse said: "One of the basic rules of health for girls is to keep the system functioning naturally at all times. Normal exercise and diet habits should be encouraged. But when necessary there's no harm in taking nujol, since it works mechanically and can't disturb the normal functions of any organ of the body. Particularly with girls, there are times when nujol should always be taken. Take a spoonful every night for a few days. It's a thoroughly safe and harmless method. It won't cause distress or gas pains or griping." Nujol is different from any other substance. It contains no drugs or medicine. It can be taken safely no matter how you are feeling because it is so pure and harmless, and works so easily. Every woman should keep a bottle on hand. Every druggist has this remarkable substance. Get the genuine.

## GOLD LEADS IN STATE MINE PRODUCTS

SACRAMENTO.—(U.P.)—The days of '49 are gone, and with them the romance that surrounded California on its entrance into statehood—but production of precious metals is still "big business" in the state, proven by the latest report of the state division of mines and mining.

Tourists, fruit and industries are the headlines these days in California, but far back in the mountains men are still pursuing that eternal quest into the earth for wealth. The returns are only a nominal percentage of those "boom" years, when history was made in the Mother Lode region, but it is a steady income that surprises many.

Gold Leads Gold still leads, as it always has, in the total value of metals taken from the ground during 1928. Showing a slight decrease over 1927, it amounted to \$10,785,315.

Yuba county led the state in production, with \$2,294,377 reported. Amador county is second, and Nevada and Sacramento counties third and fourth.

Dredges Used Gold dredges search for the metal in Yuba and Sacramento counties, while Amador and Nevada counties go far down into the earth for their share. Two of the mines in California's mountain districts are numbered among the deepest in the world.

Next on the list of precious metals is copper. In 1928 California produced 25,162,304 pounds, valued at \$3,623,369.

Plumas county, high in the Sierras was far ahead of its nearest competitor in output, registering 21,141,121 pounds, worth \$3,044,321. Shasta county is second and Trinity county third with 3,049,960 and 660,147 pounds, respectively.

Silver Mined Silver is found generally throughout the state and the 1928 production was worth \$865,081, estimated on a basis of 1,478,81 ounces.

But silver is largely a by-product in California, from its association with copper, lead and gold ores. Some early-day production from the silver mines of the Calico district, and more recent finds in the Bannock area, both in San Bernardino county, is the exception to the by-product means of securing the metal.

Quicksilver valued at \$344,649 was produced in California in 1928. It came from Fresno, Lake, Napa, Orange, San Benito, San Luis Obispo, Santa Clara and Sonoma counties.

## Kiwanis Club Seats Wharton As New Leader

Installation of officers was held by the Richmond Kiwanis club at its meeting in the Hotel Carquinez yesterday.

R. Lee Wharton was installed as president; C. C. Anglin, vice-president; Theodore Madsen, district trustee; J. J. Barry, secretary; Earl Corey, George Lee, J. W. Smiley, Ben Malik, Herbert Blake and Homer W. Patterson, directors.

The president then appointed Rev. Primus Bennett, song leader and Frank Morehouse, sergeant-at-arms.

Hall Sanders presented the incoming president with the president's button on behalf of the club. The meeting was presided over by Homer Patterson, vice-president.

At the meeting it was decided to hold monthly birthday meetings, during which members having birthdays during that month would be feted.

## O'Hare Battery Hearing Today

Pleading not guilty to a charge of battery before Police Judge C. A. Odele yesterday morning, the case of Michael O'Hare, 322 Sixth street, was continued until today.

The complaint was sworn out by his wife, Della O'Hare, who charged O'Hare with beating her and chasing her from the house about one o'clock yesterday morning.

## Motorist Hurt By Hit Runner

As the result of a collision at Macdonald and Garrard avenues Eddie Dearborn of Hooper, California received a bad cut on his head that required the taking of several stitches.

Dearborn's car was sideswiped by a large unidentified car, which sped on after the accident.

## Agono Estate Letters Asked

MARTINEZ, Dec. 26—Rosie Sannazari, nominee of the widow of Sebastiano Agono, today filed petition for letters of administration in the estate of the late Richmond man. The widow and three children are the heirs to the estate, valued at \$2500. Homer W. Patterson is attorney for the petitioner.

## RISKO BATTLES GRIFFITHS TONIGHT

NEW YORK, Dec. 26—(U.P.)—None of that element of uncertainty which arose in advance of the recent disgraceful Bass-Morgan affair has attached itself to Friday night's heavy weight elimination bout between Johnny Risko of Cleveland and Tuffy Griffiths of Sioux City.

Say what you will about the merits of the two contenders—and, in truth, there is little to be said on the strength of their records to date—Johnny and Tuffy are going to be in there trying.

There's a lazy vacation beneath the palms of Florida awaiting the winner. If he does the job up brown Friday night, and there's sugar in those palm trees, too. An opponent for Jack Sharkey is what Madison Square Garden wants most and has least, and if Tuffy can stop Johnny he can order himself some white flannel pants and buy some Palm Beach labels for his luggage. The same goes for Johnny.

Both Griffiths and Risko can be counted upon to be in there "fooling," as the boys along Broadway style fighting in the square, and it's a toss-up as to who will win. Tuffy was a 7 to 5 favorite until today, when the boys got to flouting of all the times Johnny had upset the dope. Risko completely spoiled the show last year by whipping Sharkey, just when everything seemed to point to the Gob as the coming heavyweight champion. The Clevelander has come back to beat men who have outpointed him, notably Jack Delaney and Paulino Uzcudun.

Griffiths has been coming fast since he stepped into the heavy-weight ranks not long after being flattened by James J. Braddock. He holds a slight edge over Risko on the strength of their last meeting, although he lost on a foul.

## CHANGE SEEN IN PERSONNEL OF DRY FORCE

(Continued from Page 1)  
to enter the United States from Canada at any point on the international boundary, as we now do, we should designate certain roads for entry purposes and prohibit persons from crossing the border at any other point," Mills said. "Persons are now required to report at the nearest customs house but we have to maintain a large patrol to see if they do so."

Senator Harris, Dem., Ga., who started the recent agitation which ended in Borah's visit to the White House said today he agreed with the Idaho Senator that enforcement personnel should be improved.

More money is needed for enforcement so that a higher type of men can be employed, he said. Harris will seek an increase above the \$10,000,000 estimate made by various government prohibition agencies.

The Georgia Senator asks the president, in a pending resolution, to submit his own recommendations as to prohibition appropriations along with a request for a preliminary report from the law enforcement commission.

President Hoover was defended today by another Democrat, Senator Sheppard, Texas, a floor of the 18th amendment.

"I believe that President Hoover is doing everything within his power, that he is in intimate touch with his executive and investigating agencies, that if there is anything wrong with them he will be the first to ascertain and correct it."

For the first time, we entered the new prohibition controversy today with a statement from Henry H. Curran, president of the amendment against the prohibition amendment, who said:

"I see by the paper that Borah says the only trouble with prohibition is that the snoopers do not snoop sufficiently efficiently, but Mitchell says the trouble is with Congress, while Donnan says the trouble is with the American people. Did it ever occur to any of them that perhaps the trouble lies in the law itself?"

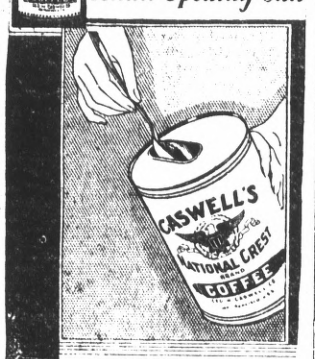

## Color Bottles For L. A. Milk

LOS ANGELES, Dec. 26—(U.P.)—Color blind people in Los Angeles soon may have to give up drinking milk.

A plan recommending colored bottles to indicate the grade of milk contained was before the city council today. The scheme was called "impractical" by the health commission and referred to the council.

The suggestion made by C. W. Street calls for Grade "A" pasteurized milk to be delivered in brown bottles, Grade "A" certified milk in green, Grade "A" raw in amber, Grade "B" pasteurized in blue and buttermilk in black.

## British Storm

STORMS that recently swept England caused havoc ashore and afloat. Unparalleled in history was this scene at Brighton, England, as waves broke over her.

## Funeral Held For Wife Of Peru Envoy

SPOKANE, Wash., Dec. 26—(U.P.)—The body of Mrs. Elizabeth Gale-Pandexter, wife of Miles Pandexter, representative from Washington and Minister to Peru, was laid to rest in Fairmount cemetery today after impressive last rites had been conducted from St. Paul's Cathedral by Archbishop Alexander Coffin.

## Man Poisons Girl, Then Slays Self

TACOMA, Wash., Dec. 26—(U.P.)—A family quarrel culminated in the deaths of Edward Bond and his five-year old daughter by poisoning here today. Bond forced the child to drink the poison after he had taken a swallow in a drunken stupor. Mrs. Ravens Bond was feared dying from poison sucked from the child's lips.

## 22 Feared Dead In Ship Crash

CANSTANTINOPLE, Dec. 26—(U.P.)—Seventeen members of the crew and five passengers were believed lost today when the Bulgarian steamship Varna sank after a collision with the Greek steamer Chryssi, in the sea of Marmora near here.

## Sacks Stolen From Local Grain House

See this in other sizes and finishes at \$69.50 and \$89.75 on our lower main floor.

## Girl, Aged Man Foil Bandits

SAN FRANCISCO, Dec. 26—(U.P.)—A young woman and an aged man caused failure of two robberies here today.

Courage of Helen Reese, 19, in chasing two boys for 12 blocks after they had robbed her cash register of \$130 was rewarded when she obtained a police officer to arrest the fleeing pair. They gave their names as Henry Melhorn, 16, and Conrad Gremier, 15.

Three boys tried to hold up Rodolfo Jurado, 77, but the elderly man pulled a jackknife from his pocket and cut one of them with it. The trio fled in an automobile.

## CARQUEINEZ ARRIVALS

W. C. Lallenwider and family of Portland, Ore., registered at the Hotel Carqueinez yesterday.

## Dividend Declared By Transamerica

SAN FRANCISCO, Dec. 26—(U.P.)—Transamerica Corporation declared its regular quarterly dividend of 40 cents in cash and one per cent in stock late today. The dividend will be payable Jan. 25 to stockholders of record Jan. 5, 1930. A. P. Giannini, president of the corporation, remarked that "it has been a highly satisfactory year."

## Nine Dead From Holiday Liquor

NEW YORK, Dec. 26—(U.P.)—Acute alcoholism, caused by overdrinking and not poison in the beverages consumed took the lives of nine Christmas celebrants, including one woman. All the deaths occurred in the east and most of them along the Atlantic seaboard. Nearly 100 drinkers received hospital treatment here.

## Drunken Fliers Die In Crash

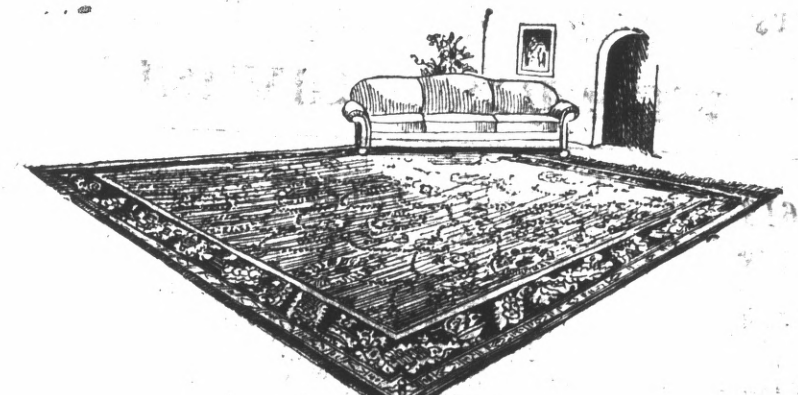

WEST PLAINS, Mo., Dec. 26—(U.P.)—Two drunken fliers were fighting for the controls of a airplane which crashed into the streets of Cabool, Mo., authorities said today. The plane fell late Wednesday and its occupants, Sam Bartel, Springfield, and W. B. Allen, Mountain Grove, died from injuries they received.

The aviators were refused a permit to carry passengers shortly before the crash because of their intoxicated condition. Witnesses said the men were struggling in the cockpit barely clearing hedges tops when the ship nosed into a street.

**VISITS FRIENDS**

## THE WOMAN OF IT

By Marguerite Moores Marshall

Copyright Press Publishing Company (New York World) 1929

### No Five-Day Week for Home Women

I MUST have given many women a good laugh, that tale they read in recent newspaper despatches, about the agreement of employers and labor leaders

That the five-day week and even the five-hour day are "not far distant in

"Not far distant from whom?" the wife and mother will inquire with justifiable acerbity. She may have noted that Edgar E. Adams, one of the largest employers of labor in Cleveland, favors a five-day week.

And would ask President Hoover to put all Government employees on a five-day basis.

And to have Congress declare Saturday a legal holiday; That Alex P. Whitney, President of the Brotherhood of Railroad Trainmen, is of the same opinion;

That Nelson Rupp, assistant to the President of the White Motor Company, says he's in favor of a working week of five days;

And that a resolution before the convention of the International Ladies' Garment Workers' Union has called for

The five-day week at existing salaries to all Government employees. But nowhere, among the distinguished capitalists and labor leaders recommending the five-day week.

Will the home woman discover any kind friends urging it for HER? From HER it is at least as "far distant" as ever!

Employers and employees may agree on five days of work for themselves,

But they also agree that they have to eat for seven days every week.

And sleep in well-made beds, and sit in clean rooms—

And that consequently somebody (meaning some woman) has to cook and wash dishes and make beds and dust

For SEVEN days a week—NOT five!

Furthermore, it goes without argument That no baby can ever be put on a five-day week schedule.

And therefore the innumerable baby-tending women must continue to work seven days (and frequently seven nights).

Indeed, the average home-maker cannot hope to achieve

What Mary Anderson, chief of the Women's Bureau of the United States Department of Labor.

Rightly thinks a "reasonable program" for paid women workers outside the home.

"A day not longer than eight hours, A half holiday on Saturday,

"One day's rest in seven.

"At least thirty minutes allowed for a meal.

"A ten-minute rest period in the middle of each half day without lengthening the day.

"No employment of women between midnight and six A. M."

There isn't a single one of these labor regulations, even the last (if, for instance, the baby is nursing or

Which the wife and mother in the home can be sure of enforcing for her own protection.

So if, to the cook, market, housekeeper, landress, nurse, sewing woman, governess in many an American home—

Who in addition, just now, is trying to make a few dollars' clothes,

To finish knitting little Jackie's muffer.

And to do her Christmas shopping early.

If, to this woman, whose work is never done, anything about the five-day

Sp. "I must feel like coming back with a new misquoting."

"If it be not near to me,

"What care I how near it be?"

P. S. No. 1. I wish to know how such a woman feels.

Because, as a woman columnist, the five-day week is never going to mean anything in our young life—Gosh, even when we take our vacation a day at a time, in summer.

It simply means that we do the same old six days' work in five days!

P. S. No. 2. You notice that it was to five hundred business MEN

That President Hoover recently recommended "one good old word—work"

He knew that he didn't have to say anything about it to WOMEN!

THE ILLUSION OF PARADISE

Stranger things than this have happened.

You have loved me for a week

You have been so sweet, so charming—

Gentle, quiet, calm and meek.

Naturally, I am contented

With you by my side each day.

Constancy is so much better

SAVORY SPINACH SALAD

1 package frozen spinach

1 cup boiling water

2 cups spinach liquor

3 tablespoons vinegar

1/2 teaspoon salt

1/4 cups cooked spinach

3/4 tablespoon onion juice or

grating

Crisp lettuce or romaine

1 hard cooked egg

1/4 cup mayonnaise

Servings: six

When the washed spinach is placed in the saucepan, sprinkled with a little salt and cooked five to ten minutes (according to taste), the juice extracted is very important. It may be utilized in soups, sauce or as a breakfast cocktail. In the salad it is part of the liquid content.

Dissolve the gelatin in the boiling water and stir in the spinach liquid, the vinegar and salt. Chill. When slightly thickened, fold in the spinach, drained thoroughly and chopped, and the onion juice or grating. Pour into individual or one large mould. Chill in the refrigerator until firm.

Just before serving arrange crisp lettuce or romaine upon chilled salad plates or a salad platter and unmould the jellied salad upon the green foundation. Garnish with purée of mayonnaise and slices of hard cooked egg and a sprinkle of paprika.

Light green bed touched with golden mayonnaise invites the appetite of those ordinarily opposed to spinach.

Bel paese cheese, toasted waters and coffee require no effort.

Cooked spinach and the precious liquor are needed for

Crisis in Belgium

With the official celebrations of the centenary of her independence only a few months distant, Belgium is face to face with a grave crisis.

So grave indeed is the situation that Parisian journals express the fear that it may develop into a disaster.

The immediate cause of the crisis is the proposal to turn the University of Ghent into a Flemish institution. It must cause some surprise in the world at large that this question is up again.

For 't was it not announced years ago that the "flamandization" of that school was an accomplished fact? So, indeed, it was made to appear to the outside world. Only the Flemings soon realized the transformation fell far short of their expectations.

The success of the Nationalist Party at the polls frightened the Government, and once more the promise was made to settle the Flemish question. The trouble is this is not a question so easily settled. More is involved than the language. It's the inevitable friction on the borderslands of two great civilizations—Latin and Teutonic. The Flemish people have been lumped in with the former by an arbitrary international settlement.

They are not happy in their environment. They don't belong. To get them out means the destruction of the Belgian state. Not the Belgian nation, for there exists no Belgian nation. Against this destruction the French-speaking bureaucracy has fought for the last 100 years. Once more things will be patched up, no doubt. But some day the break must come, is bound to come. On that day the peace of Europe will be endangered.

Tippling in France

The French Senate occupied itself lately with a question that is of interest to visiting Americans, namely, the tipping question.

That august body decided that a hotelkeeper, a restaurateur is entitled to a percentage for "service," the 10 per cent, supercharge to be divided among those employees of his establishment who have been in direct contact with the client. In spite of the ingenious phrasing of the Senatorial decree, all this makes no change for us and me. For the decree speaks only of the supplementary charge the proprietor is allowed to make. It will not stop the "sommelier" from hovering about just at the moment when you are leaving a restaurant. Is he to have something for pouring your wine or soda water? The 10 per cent, extra on your bill takes care of that, you say. Only the "sommelier" does not think so, nor the "waiter" who is not so ubiquitous.

Parliamentary art, science, invention, education, literature and industry—fitting tribute which would serve as an educational library with rooms for present and future generations to follow the example of those who have aided in the advancement of the race and Nation.

It is proposed that the building "contain a hall of fame; art and music and a large library with rooms for present and future generations to follow the example of those who have aided in the advancement of the race and Nation."

It is suggested also that the building have an auditorium capable of seating 4,000 persons. There would be a department of research for the collection and dissemination of information on the Negro race.

Now, BE A GOOD BOY

"Since you are new to the atmosphere of Washington, let me make this statement to you as to the desire of this committee. We play no favorites, even if we are rough sometimes. You will remember one Biblical quotation, 'Whom the Lord loveth he chasteneth.' So you will understand that we do not always agree with you; nevertheless our desire is to co-operate with those who have the administrative responsibility, it being our theory that the best use of the Government's money is to co-operate with those who are co-operating with the administrative and legislative branches. In so far as we are concerned you can be assured that our desire is to co-operate with you to the greatest extent possible."

Dr. Wilbur listened attentively to this little lecture and then graciously replied: "Thank you very much, Mr. Chairman. We appreciate that and our attitude is exactly the same."

Some former Secretaries of the Interior—Albert B. Fall or Dr. Hubert Work—might not have been so gentlemanly, but it is probable the noted educator took his out in a quiet snicker after he left the august presence.

The new Congressional Directory lists the White House secretaries in this order:

George Akerson, Lawrence Ricey, Walter Hughes Newton, French Strother.

Representative Sol Bloom, the "gentleman from Broadway," has had a "No Parking—Entrance" sign placed where no such sign appeared before. His liveried chauffeur had difficulty getting to the curb with the big maroon limousine.

Mrs. Ruth Bryan Owen of Florida has demanded and obtained a place on the House Committee on Foreign Affairs. She insisted to enlarge the committee to make a place for her. Mrs. Owen voted for the Hawley tariff measure.

Mrs. Mabel Walker Willebrandt, for-

merly prominent in official circles and the Hoover campaign, will be honored at a dinner tendered by the Women's Bar Association of the District of Columbia. Nothing has been announced as to whether her speech will be edited by James Francis Burke.

Patrick J. Hurley, the new Secretary of War, is described among the "new patriots" as being by all odds the most high-brow and socially ambitious of the Hoover crop of officials. Hurley seemed so to me, but if he is well from the middle of his name.

A reader wants to know what has become of the "C" in the President's signature. It is hard to tell. His full name is Herbert Clark Hoover, the middle name being the maiden name of his mother. He signed himself Herbert C. Hoover while Secretary of Commerce. In order to have the "C" from his autobiography in the Congressional Directory.

The change was made some time in the 1928 political campaign. There is no explanation of how those things came about. President Wilson never signed himself "Thomas" Woodrow Wilson, yet that was his name. Grover Cleveland dropped the Stephen.

George Aronson has dropped an "E" from the middle of his name.

Erection of a \$2,000,000 memorial building in Washington to the Negroes of the United States was proposed here a few days ago and the project seems to have been undertaken with a fair outlook for success. A group of racial leaders conferred with President Hoover and the National Negro Memorial Commission was organized to open a financial campaign early in 1930.

Dr. John R. Hawkins of Washington should perpetuate the "depict" of the building art, science, invention, education, literature and industry—fitting tribute which would serve as an educational library with rooms for present and future generations to follow the example of those who have aided in the advancement of the race and Nation.
